	MEMORANDUM FOR THE RECORD	
25	X1 SUBJECT: PAR's 214 and 215, Contract	
25	1. On 7 May 1965  advise that there would be an overrun on PAR-215 and 25  X1 also one of on PAR-214. He was advised to submit details which would justify these overruns and promised to have a copy hand carried to NPIC on 11 May 1965.	
25	X1 Cone for was approved in a message under date of 25 and was made a matter of record in the TDC meeting of 3 March. The previous overrun resulted from under 25	
	to be due to poor communication between the shop and office; actually it should have been included as an additional amount in the earlier overrun discussed above.	X1
	3. These tasks, both nearing completion, (PAR-214 is 90% complete and PAR-215 is 96% complete) are to provide an entirely new concept of processing for the center. PAR-215 will provide machine processing of paper prints up to 24-inches wide and is scheduled for installation early in July 1965. PAR-214 is for the reversal processing of film or water proof paper up to 12-inches wide and will be installed some time in August 1965. There will be an	
25	additional cost for installation in the amount associated with these two items or a total cost for the two processors of Nevertheless, I recommend that this latest overrun be approved because of funds already expended. Previously appropriated but uncommitted FY-65 funds are available to cover the additional cost.	<b>X</b> 1
